DETAILED ACTION / ALLOWANCE

Drawings

1. The replacement drawing sheet for Figures 4 and 5 was received on January 23, 2008.

This drawing sheet is acceptable.

Allowable Subject Matter

2. Claims 9-18 are allowed.

3. The following is an examiner's statement of reasons for allowance: As particularly pointed out by Applicant on page 15 of the "Remarks" section of the response filed January 23, 2008, the prior art to Ku et al., USPN 6,652,624 does not reasonably anticipate "a partition wall positioned within the high pressure region" as now clearly and distinctly recited in newly submitted claim 9. Moreover, the prior art, alone or in combination, does not reasonably show or teach a jet dispersing device including a partition wall positioned within the high pressure region such that the high pressure region is partitioned from the low pressure region, together in combination with the other recited limitations as set forth in claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
